The Center for Developing Minds, in Los Gatos, is recruiting children ages 3 to 7 to come and play! We are looking for "expert players" (typical children) to come and interact with "novice players" (high-functioning autistic children) in a small playgroup setting. The playgroup will have two facilitators providing fun-filled, animal-themed structured playtime, including music and movement, art opportunities and snack time.

If your child might be interested in helping to teach their peers how to play together, please contact the Center for Developing Minds at 408-358-1853, www.devminds.com.
